Servicing the DC Metro area

I have recently heard lots of buzz from happy moms who have used Student-Sitter.com. The site allows you to post a request for babysitting, petsitting or housesitting jobs. The request will be seen by students at local colleges and universities that will respond to your post. In addition, members can do their own search of the Student-Sitter.com database.

Student-Sitter.com system allows you make a request based on experience, location, availability and any unique skill set you may require. The current fee is \$25.00 for a 3-month membership. The website even offers local rates.
